Mental Health Training for Coventry and Warwickshire Pharmacy Teams – local and national perspectives with MIND and CPPE

WEDNESDAY 3RD APRIL 2019

AIM:
• Provide an update on mental health conditions to support more Medicine Use Reviews for these patients
• Identifying patients with Serious Mental Illness (SMI) and links with physical health
• To support a forthcoming pilot in Leamington, Nuneaton & Bedworth, Rugby and Coventry – where participating pharmacies can offer a funded brief healthy lifestyle intervention and referral to GP for full health check
• CPPE will also introduce the Peer Review aspect of GPhC revalidation
• Opportunity to take part in research with Aston & Leicester University

Who should attend?
• Pharmacist and a member of the team for any pharmacy proposing to offer the referral service
• Anyone within Community Pharmacy in Coventry or Warwickshire with an interest in Mental Health

Funding:
For those based in the areas highlighted (it may be extended in due course) and opt to provide the referral service a bursary of £100 will be paid after the first referral. A local quality payment of £100 will made after a total of 10 referrals have been made and then quarterly (based on £10 per referral) until the pre-agreed cap has been reached due to the finite budget available. More details will follow before the training event.

PEOPLE WITH SMI DIE UP TO 20 YEARS YOUNGER THAN THE GENERAL UK POPULATION

PEOPLE WITH MENTAL ILL HEALTH HAVE 3.6 TIMES MORE POTENTIALLY PREVENTABLE EMERGENCY ADMISSIONS THAN THOSE WITHOUT MENTAL ILL HEALTH

SYSTEM ISSUES INCLUDE: LACK OF CLARITY AROUND RESPONSIBILITIES IN HEALTHCARE PROVISION, GAPS IN TRAINING AMONG PRIMARY CARE CLINICIANS, LACK OF CONFIDENCE ACROSS WORKFORCE TO DELIVER PHYSICAL HEALTH CHECKS AMONG PEOPLE WITH SMI
